

Salt

Tropic Marin Classic Sea Salt

Pure, pharmaceutical grade sea salt containing all trace elements found in natural seawater. The salt is made up of all of the macro elements and trace elements in a natural balance, contained within the ocean, and it is free from artificial additives, nitrates and phosphates.

- Provides the ideal environment for the care of all marine organisms in the aquarium, including even the most sensitive species.
- Contains all major- and minor elements in the exact proportions found in tropical sea water.
- To maintain the alkalinity in a 9-10° dKH range.
- Stabilizes the pH value.
- High solubility in water.
- Free from nitrates, phosphates and other unwanted chemicals.
- Manufactured from pure, pharmaceutical grade salts, which has the most stringent quality control measures for the production of pharmaceuticals.
- Used successfully for many years in zoos, public aquariums and scientific institutions around the world.
